The screenshot shows a web browser window displaying the Konica Minolta website. The page title is "User Manuals" and the URL is "kmb.s.konicaminolta.us/kmb.s/support-downloads/user-manuals?prodFamily=Office+Multifunction&prodModel=bizhub+C450i&manualType=User+Guides". The page features a navigation menu with categories like Technology, IT Services, Information Management, Business Solutions, Support & Downloads, Workplace of the Future, Return To Work, Careers, and About. A search bar is also present. The main content area is titled "DOWNLOAD USER GUIDES" and includes a prompt: "Please select from the available user guides below to download your PDF". Below this, there are three dropdown menus: "Office Multifunction" (selected), "bizhub C450i" (selected), and "Select Manual Type" (with "User Guides (7)" selected). A list of user guides is displayed, including "i Series Users Guide Additional Information" (20200923 / 0.77 MB) and "bizhub C650i/C550i/C450i Section 508 HTML User Manual". A footer banner at the bottom states: "By continuing to use our site, you agree to our updated Privacy Policy" with a "Close" button and a accessibility icon.

From the dropdown list select "Office Multifunction", next drop down select C450i or C3350i, third dropdown select user guides.

Next scroll down the page and look for manual. For the C450i you want to download "**bizhub C650i/C550i/C450i HTML User Manual**".

The HTML user guides are the interactive ones, I feel these are the most useful.

The user guide will load in a new window and you can save the link in favorites.

From here you can click on the icons and menus and go directly to that section of the users guide.
