HOW-TO ENABLE AIRPRINT ON KONICA MFP

1. From home screen tap Utility \rightarrow Administrator. NOTE: Password is 12345678 (x2).

2. Navigate to Network \rightarrow Bonjour Setting and activate it by toggling the switch. Under Bonjour Name change the name to your companies name printer (example: Noordyk Printer) and tap OK to have all changes applied.

				Q A	r	×
<	Network	Bonjour Setting				
VLAN Setting	5	Bonjour	-	\rightarrow	C)
TCP/IP Settin	9	Bonjour Name	Sales printer			
E-mail Setting		The DNS server must be configured to enable	e Wide-Area Bonjour.
